Sample Purpose Codes:
REG - regular sample
FD - field duplicate sample

Unit Abbreviations:
ug/kg - microgram(s) per kilogram
mg/kg - milligram(s) per kilogram

Detection Limit:
The listed detection limit is the method detection limit.

Laboratory Qualifiers:
o - This value is confirmation only.
R - Reporting limit elevated due to sample volume limitations
U - Compound was analyzed for, but not detected ("non-detect")
UQ - Compound was analyzed for, but not detected ("non-detect") and qualified
G - Reporting limit elevated due to sample matrix interference
J - Estimated value
Q - Reporting limit raised due to high level of another analyte in the sample
= - &RESULT SUMMARY
V - Secondary column result is the preferred value
R - Raised reporting limit due to high analyte level
S - Reported value determined by Method of Standard Additions
UG - Compound was analyzed for, but not detected ("non-detect") and repor
Uo - Compound was analyzed for, but not detected ("non-detect") and this va
Up - Compound was analyzed for, but not detected ("non-detect") and report
Upq - Compound was analyzed for, but not detected ("non-detect"), reporting and post digestion spike recovery fell between 40% and 85%
UR - Compound was analyzed for, but not detected ("non-detect") and report

Validation Codes:
A - Accepted
AQ - Add Qualifier
R - Rejected (No rejected data was used during the data evaluation process to reach conclusions presented in this closure report. Only detections, whether estimated (J-qualified) or not, were used in reaching conclusions.)
CB - Change both Qualifier and Result
CQ - Change Qualifier
CR - Change Result

Validation Qualifiers:
A - Accepted
J - Estimated
J+ - Estimated with positive bias
R - Rejected (No rejected data was used during the data evaluation process to reach conclusions presented in this closure report. Only detections, whether estimated (J-qualified) or not, were used in reaching conclusions.)
U - Non-detect
UJ - Non-detect estimated
J- - Estimated with negative bias
UR - Non-detect rejected

Checked By: [illegible] 12-23-99
Approved By: AWS 12-23-99

Sample Purpose Codes:
REG - regular sample

Unit Abbreviations:
ug/kg - microgram(s) per kilogram
mg/kg - milligram(s) per kilogram

Detection Limit:
The listed detection limit is the method detection limit.

Laboratory Qualifiers:
d - QC control parameter outside of acceptance limits for this result
Uj - Compound was analyzed for, but not detected ("non-detect"). All reporting limits raised due to matrix interference.
U - Compound was analyze for, but not detected ("non-detect")
UR - Compound was analyzed for, but not detected ("non-detect"). All reporting limits raised due to sample volume limitations.

Validation Codes:
A - Accepted
AQ - Add Qualifier

Validation Qualifiers:
J - Estimated
U - Non-detect
UJ - Non-detect estimated

Checked By: MMS 12-23-99
Approved By: AWS 12-23-99

Validated Soil Data
(Revised Aug. 17, 1999)

Sample ID	Location Code	Sample Date	Test Group/Method	Lab Method	Samp Purp	Analyte	Result	Units	Detect Limit	Lab Qlfr	Val Code	Val Qlfr

Sample Purpose Codes:
REG - regular sample
FD - field duplicate sample

Unit Abbreviations:
ug/kg - microgram(s) per kilogram
mg/kg - milligram(s) per kilogram

Detection Limit:
The listed detection limit is the method detection limit.

Laboratory Qualifiers:
d - QC control parameter outside of acceptance limits for this result
R - Reporting limit elevated due to sample volume limitations
U - Compound was analyzed for, but not detected ("non-detect")

Validation Codes:
A - Accepted
AQ - Add Qualifier
R - Rejected (No rejected data was used during the data evaluation process to reach conclusions presented in this closure report. Only detections, whether estimated (J-qualified) or not, were used in reaching conclusions)

Validation Qualifiers:
A - Accepted
J - Estimated
J+ - Estimated with positive bias
R - Rejected (No rejected data was used during the data evaluation process to reach conclusions presented in this closure report. Only detections, whether estimated (J-qualified) or not, were used in reaching conclusions)
U - Non-detect
UJ - Non-detect estimated
