DON'T MOVE A MUSSEL!

Mussels will ruin your boat, fisheries and California waters!

When leaving the water:

- **Inspect** all exposed surfaces - small mussels feel like sandpaper to the touch.
- **Wash** the hull of each watercraft thoroughly.
- **Remove** all plants and animal material.
- **Drain** all water and **dry** all areas.
- **Drain** and **dry** the lower outboard unit.
- **Clean** and **dry** all live-wells.
- **Empty** and **dry** any buckets.
- **Dispose** of all bait in the trash.
- **Wait** 5 days in hot weather and up to 30 days when cool and moist. Keep watercraft dry between launches into different fresh waters.
