

Figure 2-1. General overview of the location of the San Joaquin Yacht Harbor Project.

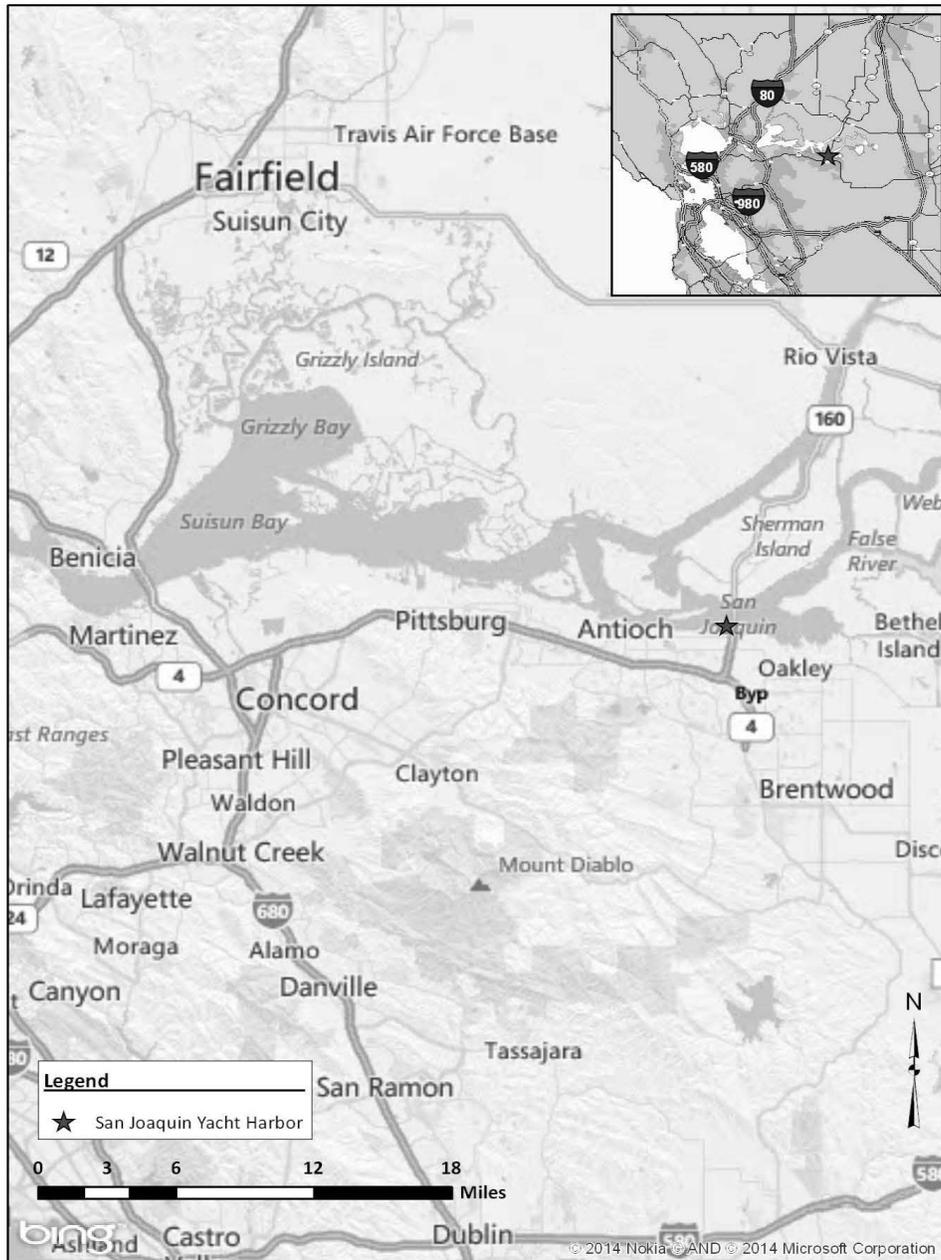

Figure 2-2. Location of the San Joaquin Yacht Harbor Project within the Sacramento–San Joaquin Delta.

Figure 2-3. Location the San Joaquin Yacht Harbor in relation to the San Joaquin River.

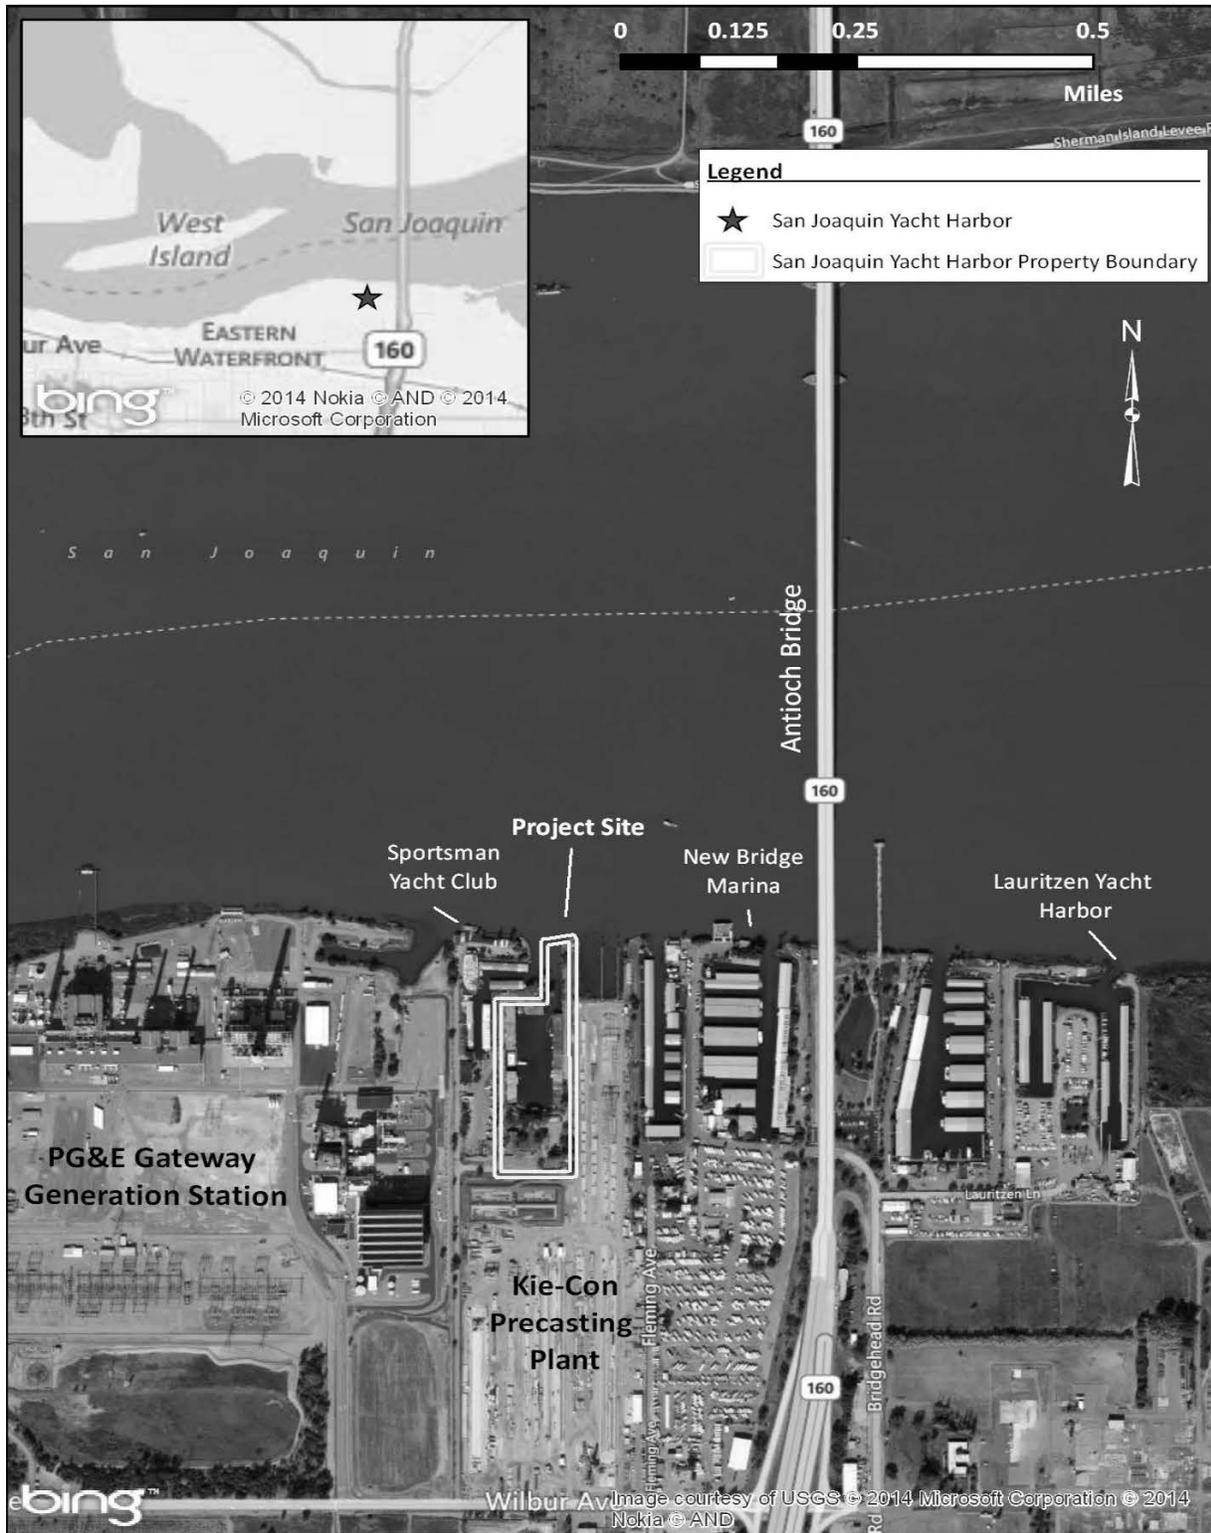

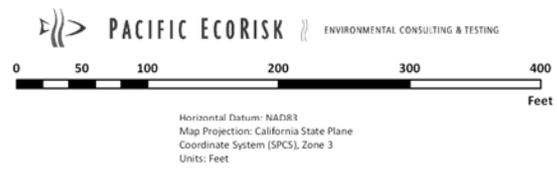

Figure 2-4. Location of industrial sites and marinas in relation to the San Joaquin Yacht Harbor.

- Notes:
1. Survey performed by Bay Marine Services on 6/21/2014 using Class 1 hydrographic survey methods and can only be considered as indicating the conditions at that time.
 2. Soundings are based on the datum of mean lower low water (MLLW), shown at 0.0' tide, and are labeled in feet, to the nearest tenth of a foot.
 3. Equipment used: 12' survey boat with a ROSS SWEEP SYSTEM, and TOPCON RTK navigation system for horizontal location.
 4. Significant growth of submerged aquatic vegetation persisted throughout the entire survey area.
 5. Map prepared by Pacific Ecorisk on 7/16/2014.

Figure 2-5. General project layout drawing showing the alignment and work areas of the project.
