Colonel Ronald N. Light  
District Engineer, Sacramento  
U.S. Army Corps of Engineers  
1325 J Street  
Sacramento, CA 95814

Dear Colonel Light:

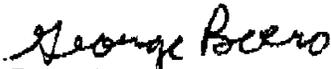

This letter conveys the intent of Reclamation District 2138 to participate in feasibility studies and/or other actions in the development of the Morrow Island Levee Program as the non-federal sponsor consistent with the CALFED Bay Delta Authorization (PL 108-361).

R.D. 2138 understands that this is a cost-share program and the USACE and CALFED agencies has certain requirements and restrictions that will be presented to us at a later date.

Please note that this letter of intent is not an obligation of funds. We look forward to receiving more details on this important project.

If you have any questions, please contact me at the above listed numbers.

Sincerely,

  
George Boero
