

Folsom Dam Bridge

The United States Congress has authorized the U. S. Army Corps of Engineers (Corps), Sacramento District, to construct a bridge that spans the American River below Folsom Dam.

SAVE THE DATE!

Together with the City of Folsom, the U.S. Bureau of Reclamation, the Sacramento Area Flood Control Agency (SAFCA), and The Reclamation Board, the Corps has scheduled three Public Meetings in March 2004. The purpose of these meetings is to provide information on the project and obtain feedback from the community and project stakeholders. Each Folsom Dam Bridge meeting will be identical so please pick the day and time that works best for you. The meetings will be in an open house format so that you may stop by any time between 4:30 p.m. to 7:30 p.m. **Please note that these meetings are not related to the closure of Folsom Dam Road.** The U.S. Bureau of Reclamation will hold separate meetings on that topic. The meeting opportunities are as follows:

Public Meeting – El Dorado County

Tuesday, March 9, 2004

4:30 p.m. – 7:30 p.m.

El Dorado Hills Community Services District
(1021 Harvard Way, El Dorado Hills)

Public Meeting – Placer County
