

DRAFT

Sacramento and San Joaquin River Basins California Comprehensive Study Draft Interim Report

US Army Corps
Of Engineers
Sacramento District

July 22, 2002

DRAFT

The Sacramento and San Joaquin River Basin, California, Comprehensive Study, is a joint effort by the State of California Reclamation Board and the U.S. Army Corps of Engineers, in coordination with Federal, State and local agencies, groups, organizations, and people of the great Central Valley of California.

This document summarizes study findings, the Comprehensive Plan for Flood Damage Reduction and Ecosystem Restoration within the Flood Management System and a strategy for implementation. The document has been prepared as an Interim Report. Future updates to the report will be prepared as projects are planned and constructed.
