

Errata Sheet

Make corrections on following project report:

American River Watershed, California
Folsom Dam Modification Project
Final Limited Reevaluation Report
Dated August 2001

Change Appendix 1D Real Estate Plan page one Paragraph (4) to read as follows:

(4) REAL ESTATE (LERRDS) REQUIREMENTS

There will be no requirement for the cost share partner to acquire lands in addition to the existing project lands. Project lands will be used for the dry out dredged material. Once the material is dried, it will be ultimately disposed of at a commercial dumping site through the payment of a dump or tipping fee.
