

MILITARY CONSTRUCTION

Authorized Projects and Construction

From new hangars to mission command centers, training facilities, infrastructure repairs and projects that improve installation energy resilience, the military branch of the U.S. Army Corps of Engineers Sacramento District provides planning, engineering, project management, environmental restoration and construction services to both Army and Air Force installations. Additionally, the military branch performs environmental clean up for Formerly Used Defense Sites and other specified military sites.

The following list shows only some of the current military construction projects. Information about other past, ongoing or future projects can be obtained by contacting (916) 557-5100. Project data contain best estimates and are subject to change based on yearly appropriations.

Military Installation (State)	Project Title - Primary Purpose	Current Progress	
	Beale Air Force Base (CA)	Common Mission Control Center - 83,000 sq. ft. intelligence and surveillance facility.	Construction ongoing. Scheduled completion early 2019.
	Fort Hunter Liggett (CA)	5MW photovoltaic system, 3MW battery storage - helps installation get to net zero energy by 2020.	Construction contract scheduled for award early 2019. Scheduled completion 2020.
	Hill Air Force Base (UT)	F-35A hangar 40/42 additions - facility to maintain and service new fighter jets.	Construction ongoing. Scheduled completion 2019.
	Military Ocean Terminal Concord (CA)	Wharf 2 repairs – modernize and restore container crane operations and terminal’s ability to distribute and ship munitions for U.S. forces.	Awarded construction contract Aug. 2018. Scheduled completion 2021.
	Sierra Army Depot (CA)	Repairs and improvements to 20 buildings - maintain post’s ability to provide logistics support to the U.S. Army and Soldiers.	Construction ongoing. Scheduled completion 2019.

BUILDING STRONG FOR OUR VETERANS

Past, present and future facilities

Salt Lake City and Grand Junction photos by Carlos Lazo.
Other photos courtesy Department of Veterans Affairs.

The U.S. Army Corps of Engineers Sacramento District has the great privilege of working with the Department of Veterans Affairs to build medical facilities that serve our veterans. We provide project management and construction management support in Northern California and portions of Nevada, Utah and Colorado.

The Veterans Affairs facilities in Northern California alone serve an area of more than 377,700 veterans dispersed over a wide geographic area of approximately 40,000 square miles.

The graphics below provide a general overview of some of our major past, present and future planned VA projects.

Alameda Point
112-acre outpatient clinic, columbarium and administrative offices. Expected completion 2025.

Reno Clinical Expansion
Building 1 seismic, life safety and infrastructure upgrades. New building 100 treatment facility. Expected completion 2023.

Grand Junction
New 30,000-square-foot surgery floor addition to the existing medical center. Completed 2012.

Salt Lake City
New outpatient mental health clinic, part of the George E. Wahlen Department of Veterans Affairs Medical Center. Completed 2011.

Livermore Realignment & Closure
Campus in Stockton/French Camp. Outpatient clinic and utility plant in Fremont. Specialty procedure center in Palo Alto. Divestiture of Livermore facilities. Stockton campus expected completion 2022.
