SACRAMENTO DISTRICT

PROJECT PLACEMAT

Hill Air Force Base Program

Installation Overview - Hill Air Force Base

- Hill Air Force Base (AFB) is comprised of over 6,000 acres that sits roughly 25 miles north of Salt Lake City, Utah. Currently, the base is occupied by the Ogden Air Logistics Complex, the 75th Air Base Wing, the 388th Fighter Wing, the 419th Fighter Wing and over 40 other tenant organizations. In addition to its units, the base is home to major components of the Nation's ground based nuclear weapons program (Sentinel - Ground Based Strategic Deterrent [GBSD]).

National Security Benefits:

- Hill AFB plays a vital role in maintaining a fighting force to carry out our country's national security strategy, supporting our country's military readiness, and bolstering our capacity to deter foreign aggression.

USACE Design and Construction in and around Hill Air Force Base:

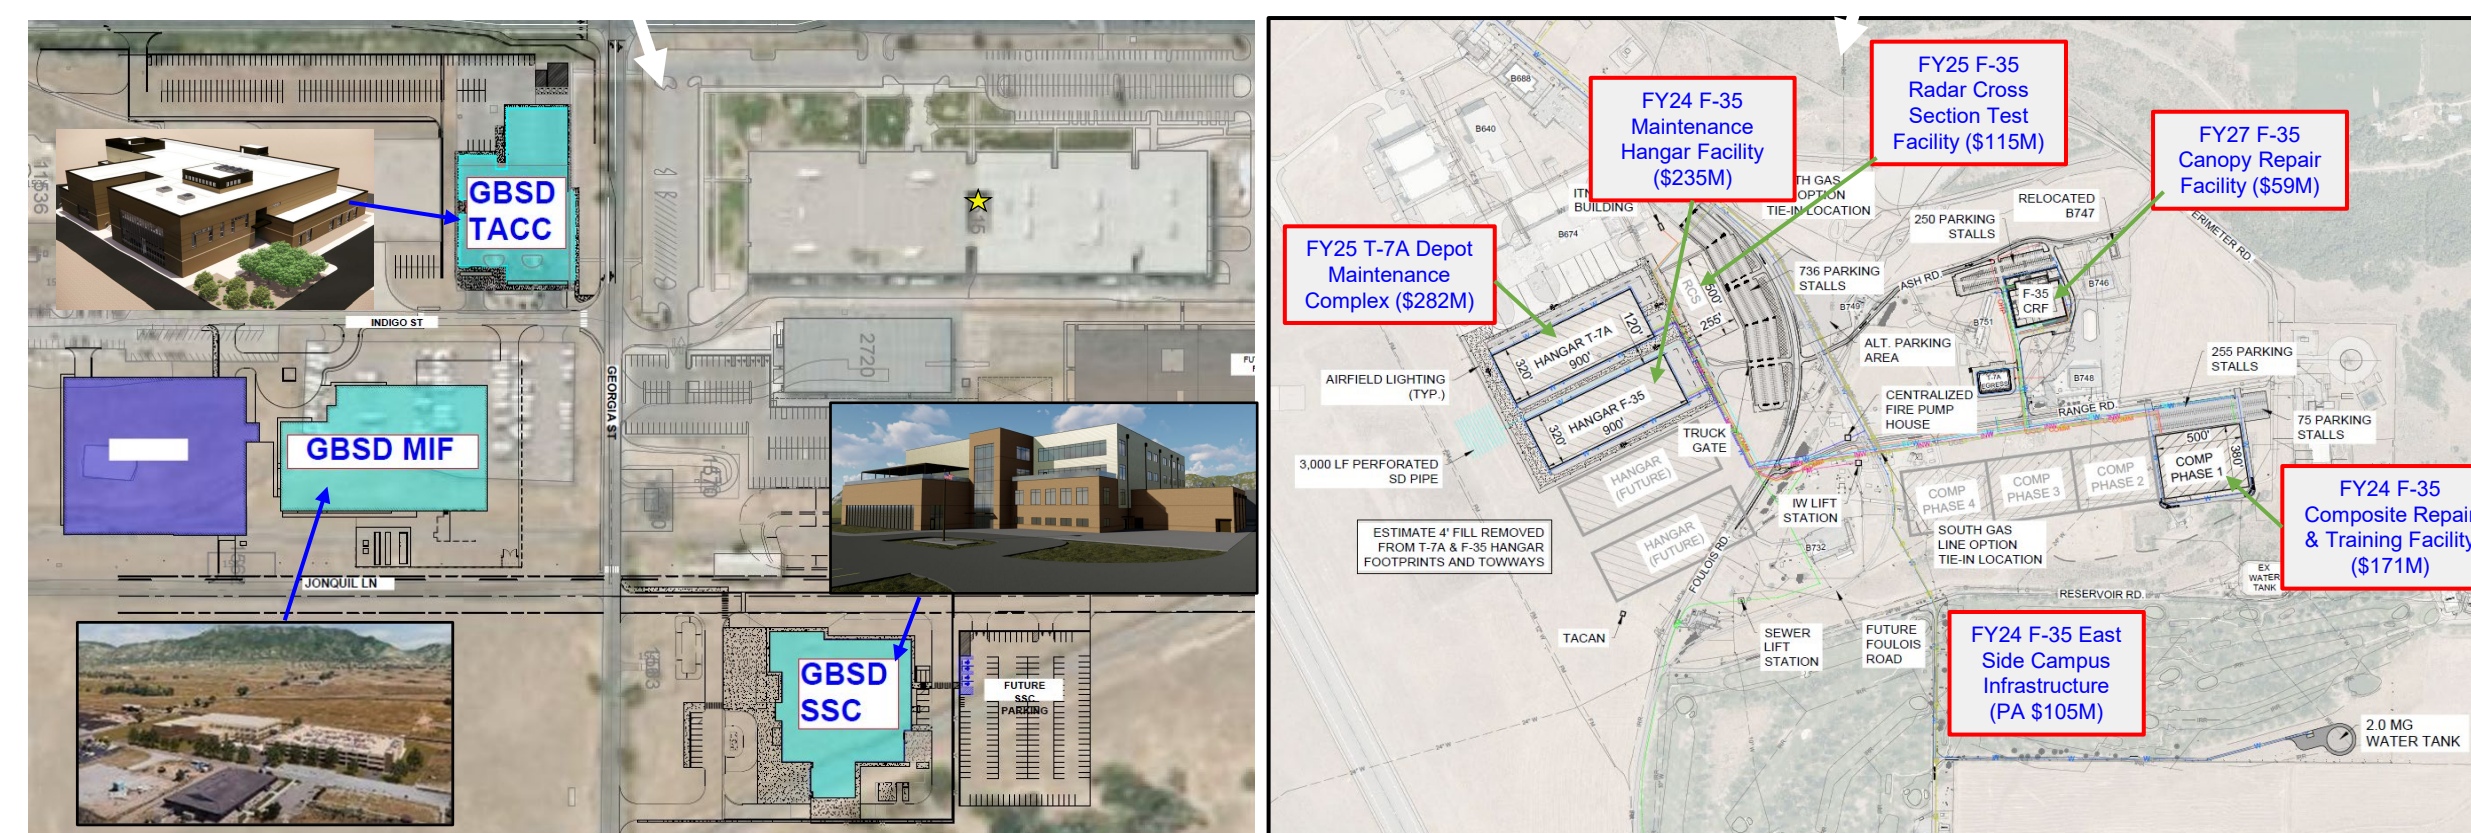

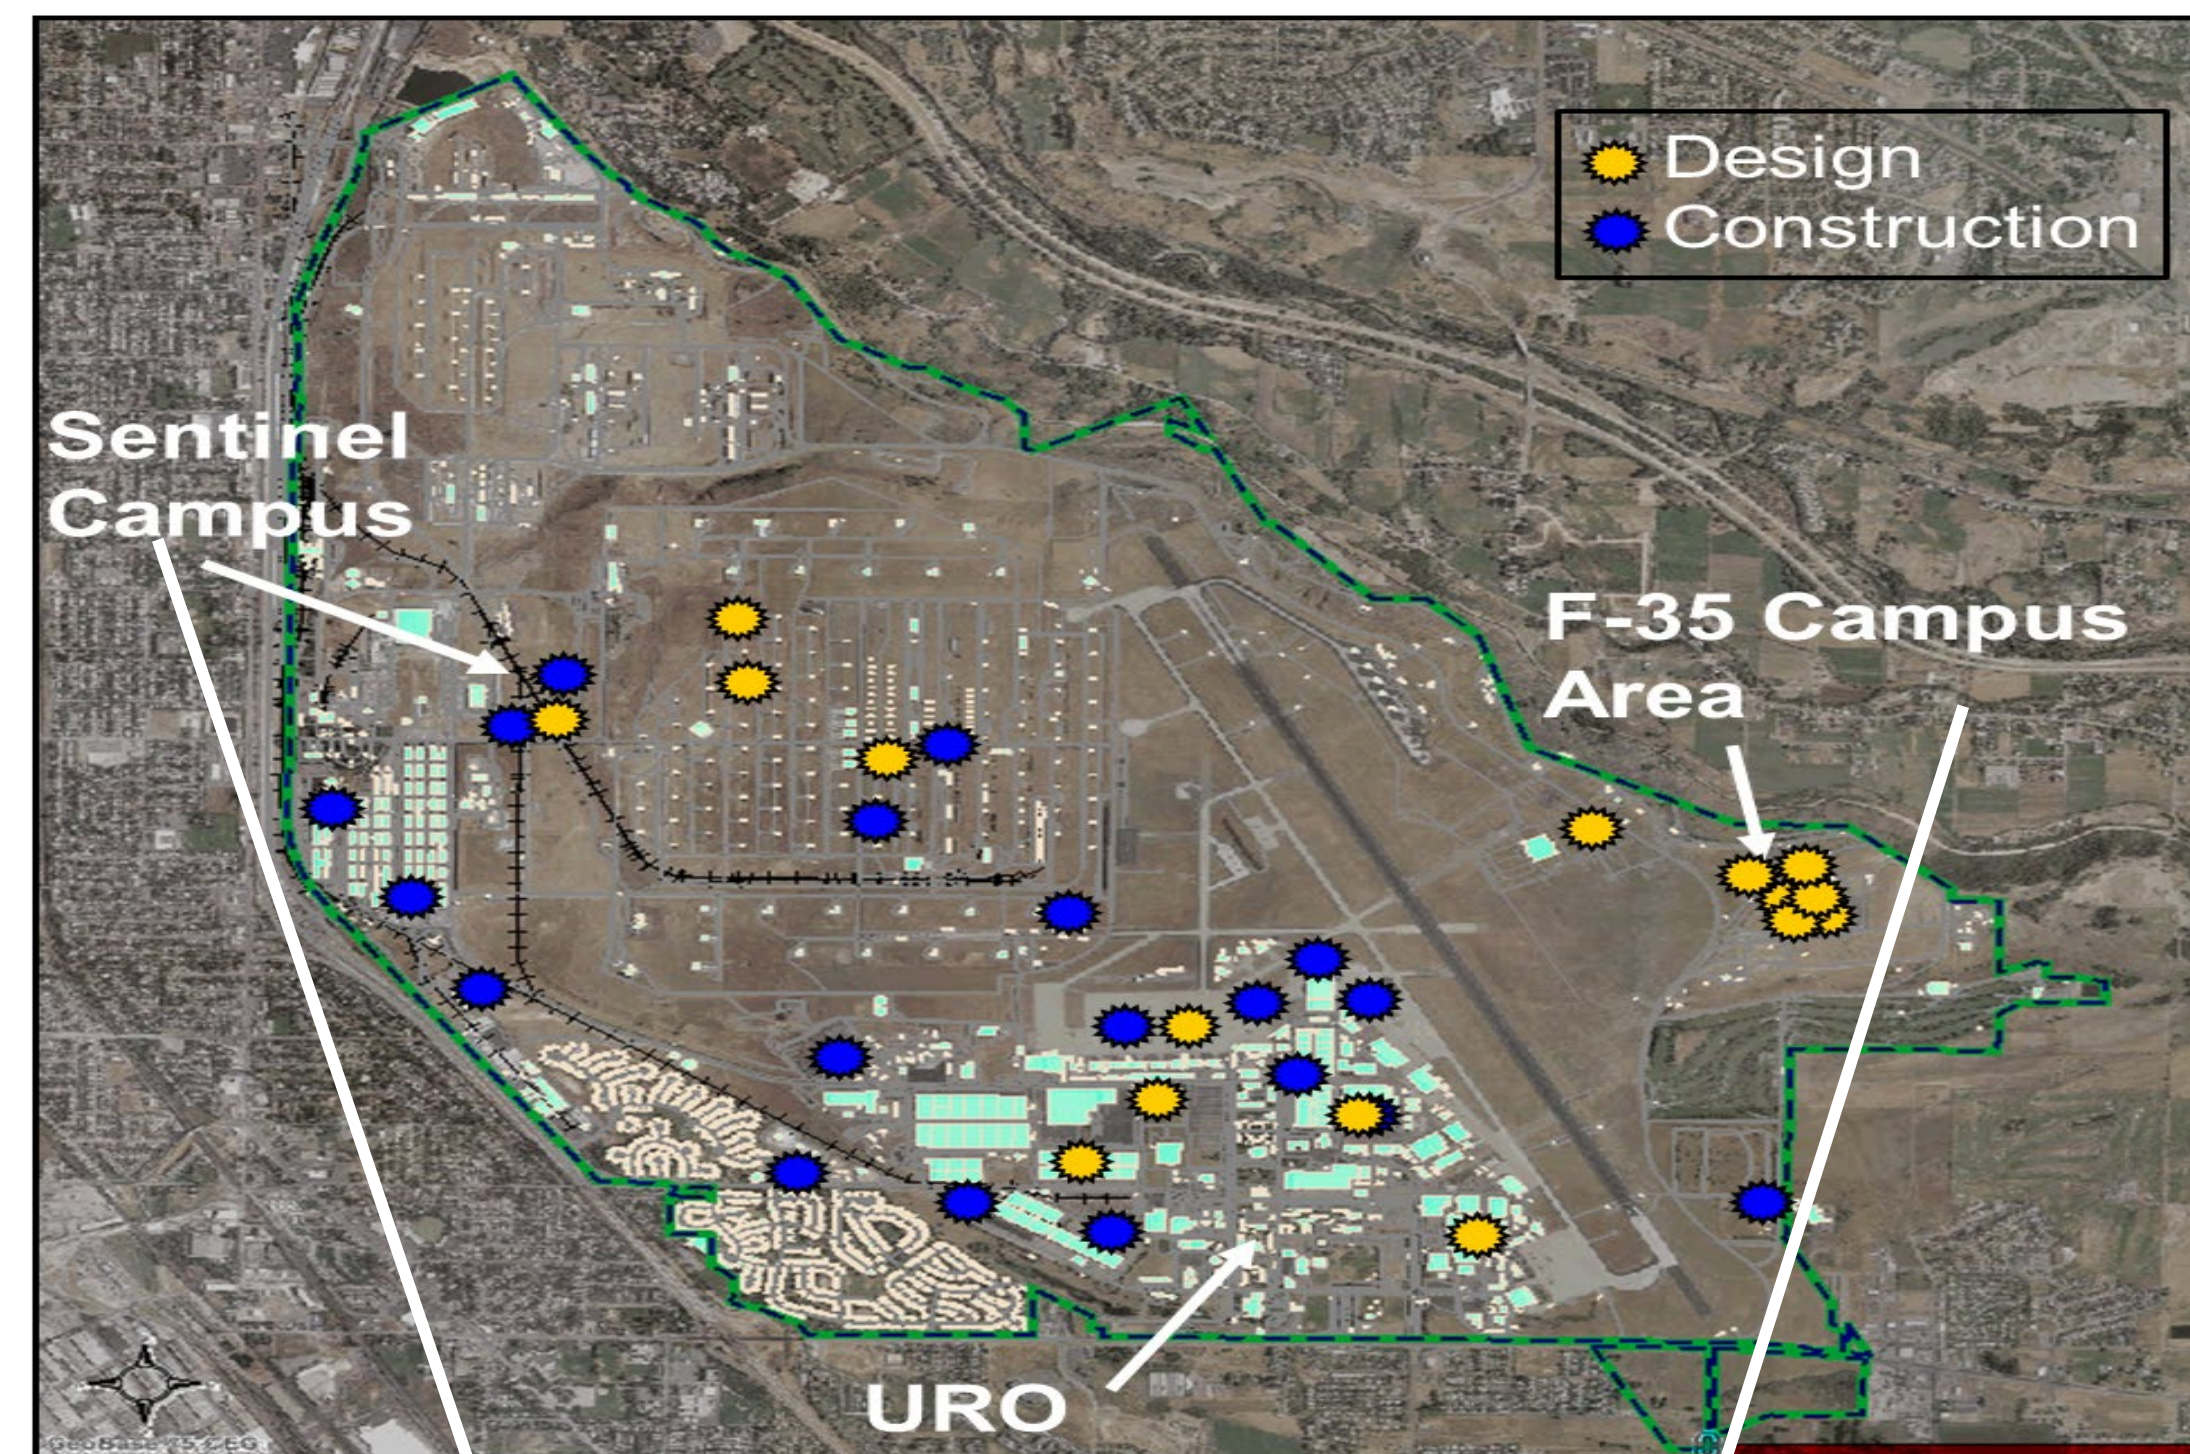

- The Sacramento District is charged with the responsibility of being the Construction Agent for Hill Air Force Base and all other DoD sites within Utah.
- Currently, the Sacramento District is facilitating an approximate total of \$2.0B+ in design and construction within Utah.
 - 20 Active Construction Projects
 - 16 Projects in the Design Phase

Major MILCON Programs include:

- GBSD/Sentinel Projects
 - Traditional MILCON (Sentinel Campus at Hill AFB – approximately \$325M+)
 - Mission Integration Facility (MIF)
 - Software Mission Assurance Center (SMAC/SSC)
 - Technology and Collaboration Center (TACC)
 - Non-traditional MILCON - Dugway Proving Grounds LF (PA \$26M)
- F-35 Campus Area Projects (approximately \$967M+)
 - F-35 Canopy Repair Facility
 - Maintenance Facility
 - Composite Repair & Training Facility
 - T-7A Depot Maintenance Complex
 - East Side Campus Infrastructure

Major SRM Efforts include:

- Apron Renovations, Building 225 Roof Replacement, Plating Shop Renovations, Steam Plant Upgrades (approximate total \$500M+)
