

LIST OF ADDITIONAL INFORMATION REQUIRED FOR COMPLETE PRE-CONSTRUCTION NOTIFICATION (PCN) FOR COLORADO

A complete PCN for Colorado may be submitted either through the completion of the *South Pacific Division Preconstruction Notification (PCN) Checklist*¹, an application form (ENG Form 4345)², or a letter or other correspondence, containing information required by General Condition 32 and applicable Regional Conditions.

- Requirements of General Condition 32**
 - Name, address and telephone numbers of the prospective permittee.
 - Location of the proposed activity.
 - Identify the specific NWP or NWP(s) the prospective permittee wants to use to authorize the proposed activity.
 - Description of the proposed activity
 - the activities purpose;
 - direct and indirect adverse environmental effects the activity would cause, including the anticipated amount of loss of wetlands, other special aquatic sites, and other waters expected to result from the NWP activity, in acres, linear feet, or other appropriate unit of measure;
 - a description of any propose mitigation measures intended to reduce the adverse environmental effects caused by the proposed activity;
 - any other NWP(s), regional general permit(s), or individual permit(s) used or intended to be used to authorize any part of the proposed project or any related activity, including other separate and distant crossings for linear projects that require Department of the Army authorization but do not require pre-construction notification;
 - Sketches containing sufficient detail to provide an illustrative description of the proposed activity.
 - Delineation of wetlands, other special aquatic sites, and other waters, such as lakes and ponds, and perennial, intermittent, and ephemeral streams, on the project site, prepared in accordance with the current method required by the Corps.
 - If the proposed activity will result in the loss of greater than 1/10-acre of wetlands and a PCN is required, a statement describing how the mitigation requirements will be satisfied, or explaining why the adverse effects are minimal and why compensatory mitigation should not be required.
 - For non-Federal permittees, if any listed species or designated critical habitat might be affected or is in the vicinity of the activity, or if the activity is located in designated critical habitat, the name(s) of endangered or threatened species that might be affected by the proposed work, or utilize the designated critical habitat that may be affected by the proposed work, **OR**, for Federal agencies, documentation demonstrating compliance with the Endangered Species Act.
 - For non-Federal permittees, if the NWP activity might have the potential to cause effects to a historic property listed on, determined to be eligible for listing on, or potentially eligible for listing on, the National Register of Historic Places, state which historic property might have the potential to be affected by the proposed activity or include a vicinity map indicating the location of the historic properties. **OR**, for Federal agencies, documentation demonstrating compliance with the National Historic Preservation Act.

- For an activity that will occur in a component of the National Wild and Scenic River System, or in a river officially designated by Congress as a “study river” for possible inclusion in the system while the river is in an official study status, identify the Wild and Scenic River or the “study river”.
- For an activity that requires permission from the Corps pursuant to 33 U.S.C. 408 because it will alter or temporarily or permanently occupy or use a Corps federally authorized civil works project, include a statement confirming that the prospective permittee has submitted a written request for Section 408 permission from the Corps office having jurisdiction over the Corps project.

²An *Application for Department of the Army Permit* (ENG Form 4345) may be downloaded from the USACE Sacramento District Website at: <http://www.spk.usace.army.mil/Missions/Regulatory/Permitting/Standard-Permits/#sp-app>

LIST OF ADDITIONAL INFORMATION RECOMMENDED TO EXPEDITE EVALUATION OF THE NWP PCN

- Endangered Species
 - Information sufficient to initiate consultation with the United States Fish and Wildlife Service and/or National Marine Fisheries Service for compliance with Section 7 of the Endangered Species Act. Information required includes:
 - A description of the action to be considered;
 - A description of the specific area that may be affected by the action;
 - A description of any listed species or critical habitat that may be affected by the action;
 - A description of the manner in which the action may affect any listed species or critical habitat and an analysis of any cumulative impacts;
 - Relevant reports including any environmental impact statement, environmental assessment or biological assessment prepared;
 - Any other relevant available information on the action, the listed species, or critical habitat.
 - A Biological Assessment sufficient to initiate consultation for compliance with Section 7 of the Endangered Species Act, prepared in accordance with the United States Fish and Wildlife Service and National Marine Fisheries Service *Template and Guidance on Preparing an Initiation Package for Endangered Species Act Consultation*, which can be found on our website at: http://www.spk.usace.army.mil/Portals/12/documents/regulatory/pdf/ESA_Template_Guidance.pdf.
- Cultural Resources
 - A cultural resources report of archeological/historical resources on/near project site compiled from a record search by a qualified professional archeologist/historian at the regional center in your locale;
 - A Cultural Resources Report sufficient to initiate consultation for compliance with Section 106 of the National Historic Preservation Act of 1966, as amended, prepared in accordance with the Sacramento District *Guidelines for Compliance with Section 106 of the National Historic Preservation Act*, which can be found on our website at: http://www.spk.usace.army.mil/Portals/12/documents/regulatory/sec-106-tribal/FINAL_2014-03-24_Section-106-Guidelines.pdf.
- Compensatory Mitigation
 - A Draft/Final Mitigation and Monitoring Plan and/or Long Term Management Plan for the proposed preserve/ creation/ enhancement/ restoration areas, completed in accordance with the *Final 2015 Regional Compensatory Mitigation and Monitoring Guidelines for South Pacific Division, USACE*, which can be found on the South Pacific Divisions website at: <http://www.spd.usace.army.mil/Portals/13/docs/regulatory/mitigation/MitMon.pdf>, and 33 CFR 332. The plan shall include mitigation location and design drawings, vegetation plans, including target species to be planted, and final success criteria.
