

**Flash Flood County**  
Washes and narrow canyons are subject to sudden, unexpected flash flooding. It may be sunny weather where you are, but a distant storm can dump rain upstream sending a wall of water rushing down a normally dry wash or canyon. NEVER ENTER WASHES OR NARROW CANYONS WHEN IT IS RAINING OR THREATENING TO RAIN.

Do not use this map for navigation. Marinas and visitor centers sell navigational maps. Only Lake Powell's main channel is marked with navigational aids. Map shows lake at full pool elevation (3,700 feet).
