

# Aerial Overview

## SITLA Great Salt Lake Wetland Mitigation Bank

This is not a wetland delineation. Sample points were not recorded and the boundaries were hand drawn in the field and then digitized. For planning purposes only.

### Legend

- Mitigation Bank Boundaries
- Wetlands & Waters of the U.S.**
- Lacustrine Unconsolidated Shore (LUS)
- Palustrine Emergent (PEM)

### Dimensions within Project Area

Note: Calculations based on entire project area

Project Area = 1,660.93 ac  
 LUS Wetlands = 1,056.08 ac  
 PEM Wetlands = 480.18 ac
