Expires: **June 6, 2025**

Sacramento District
Permit Application No. SPK-2025-00293

SUBJECT: The purpose of this Public Notice is to inform the general public that the District Commander of the Sacramento District, U.S. Army Corps of Engineers (“Corps”) has decided to accept and expend funds contributed by the Salt Lake City International Airport, Utah under Section 214 of the Water Resources Development Act of 2000 for priority evaluation of their Department of the Army permit applications and processes, subject to the limitations specified below.

A series of procedural safeguards has been adopted to ensure that use of the funds will not impact impartial decision-making. These include:

- a. All final permit decisions where these funds are used must be reviewed at least by one level above the decision maker unless the decision maker is the District Commander. For example, if the decision maker is the Utah Regulatory Section Chief, then the reviewer would be the Deputy Regulatory Division Chief.
- b. All final permit decisions where these funds are used will be made available on the Corps Headquarters website.
- c. The Corps will not eliminate any procedures or decisions that would otherwise be required for that type of project and permit application under consideration.
- d. The Corps will comply with all applicable laws and regulations.
- e. Funds will only be expended to provide priority review of the participating non-federal entity’s permit applications and processes.

Information concerning WRDA, including documents referenced in this notice, may be found on our Sacramento District website. If you have questions or need additional information, please contact the Sponsor or the Corps' project manager Michael Nepstad, (916) 557-7262, Michael.G.Nepstad@usace.army.mil.

COMMENTS: The Corps is soliciting comments from the public; Federal, State, and local agencies and officials; Indian Tribes; and other Interested parties in order to consider and evaluate this proposal. Any comments received will be considered by the Corps to determine whether to accept and expend these funds.

The Sacramento District will receive written comments on the proposal, as outlined above, until **June 6, 2025**. Comments should be submitted electronically via the Regulatory Request System (RRS) at <https://rrs.usace.army.mil/rrs> or to Michael Nepstad, (916) 557-7262, Michael.G.Nepstad@usace.army.mil. Alternatively, you may submit comments in writing to the Commander, U.S. Army Corps of Engineers, Sacramento District, Attention: Michael Nepstad, 1325 J Street, Sacramento, California 95814-2922. Please refer to the Department of the Army number (SPK-2025-00293) in your comments.
