

U.S. Army Corps of Engineers, Sacramento District
REQUEST TO RECEIVE REGULATORY PROGRAM PUBLIC NOTICES

The proponent agency is CESP-K-RD.

DATA REQUIRED BY THE PRIVACY ACT OF 1974

Principal Purpose The public notice is the primary method of advising all interested parties of proposed activities for which a permit is sought and of soliciting comments and information necessary to evaluate the probable impact on the public interest. Copies of public notices will be sent to all parties who have specifically requested copies of public notices using this form. It is presumed all interested parties and agencies will wish to respond to public notices; therefore, a lack of response will be interpreted as meaning there is no objection to a proposed project.

Routine Uses For Official Use Only (FOUO). Information will be utilized to develop mailing lists for distribution of Corps Regulatory Public Notices. Information collected belongs to the individual, not the agency; therefore, the agency will take necessary steps to safeguard information collected from public release.

Disclosure Voluntary. Failure to provide information may result in not being contacted when future Public Notices are published.

NOTE: In addition to Regulatory Program permit applications and changes, please note you may be notified about other proposed actions and activities in the Sacramento District. Anyone can be removed from one or more lists at any time upon written request to the district.

If you would like to be added to one or more of the public notice mailing lists, complete the contact information and check the appropriate boxes below. When the form is completed, send to SPKRegulatoryMailbox@usace.army.mil.
